1st Student Advisory Board Meeting: Wednesday, January 15th 2014

About:
Representative Zoe Lofgren established the 19th Congressional Student Advisory Board to give high school students a voice in our government. Congresswoman Lofgren relies on District’s Student Advisory Board to keep her informed about ideas and opinions of her student constituent.

The Student Advisory Board is made up of high school students who live in or attend a school in the 19th Congressional District. The Board will research topics and poll students on issues important to them and make recommendations on legislation being considered in Congress. Topics may range from alternative energy, education reform, immigration, health care or others.

Students will meet every other Wednesday beginning in January where congressional staff will help them draft, and edit their reports and help them navigate the Congressional Research Service. At the end of the school year, students will present their report to Congresswoman Zoe Lofgren, parents, educators and local stakeholders on their report.
